Notice of initiation of a building plan

Start of publication: 04.04.2017

End of publication: indefinite

The Pärnu Linnavalitsus publishes a notice pursuant to [paragraph 128\(7\) of the planning Law \(plans\)](#).

The Pärnu Linnavalitsus States that, by order No 162 of the Pärnu Linnavalitsus of 27 March 2017, the building plan for the caricra TN 26 site was initiated.

The planning area consists of 588 m² of land located in the middle of the Pärnu mown area, at the corner of the Pärnu moon and the streets of the Mureli.

The purpose of the building plan is to modify the building right assigned to the land by the current plan, including changes in the size, location and maximum number of buildings on the land. Lay down construction, architectural and design conditions.

According to the general plan of the town of Pärnu, the cranberry TN 26 is the guiding function (the guiding function) of small-scale land designated for land use, which is not altered by the plan.

The drawing up of a zoning plan does not entail any additional need for possible studies. The building plan shall be prepared in accordance with the existing master plan.
