Notice of initiation of the environmental permit procedure

Start of publication: 04.11.2019

End of publication: 05.11.2119

The Environment Agency publishes a notice under [paragraph 47\(2\) of the General Law on the Environment \(KeÜS\)](#).

The Environment Agency States that the request submitted by Tootsi turbvas (registry code: [10021374](#)) (address Papiniidu tn 5 Bureau 1, Pärnu City, 80010 Pärnu County) to amend Mining permit No KMIN-090 for the cod production area of the Riisipere III has been accepted.

The requested area for peat production in the Riisipere III is located in the village of Lehetu, Harju, in the municipality of Saue, in the cadastral parcel 3 of the Riisipere peat production area (cadastral identification: 51801:002:0140) and in the cadastral parcel 3 of the rice peat production area (cadastral identification: 51801:001:0322).

The mountain allocation applied for is situated in the middle of the Ellamaa deposit (registry card No 202). The name of the mountain allocation applied for is the peat production area of Riisipere III. The mountain allocation is 63.31 ha and its catchment area is 75.85 ha. The reference area for the mountain allocation for the Riisipere III peat production area is defined in accordance with the limits for the land of the Riisipere peat production area 3 (cadastral trail: 51801:001:0322) and the Riisipere peat production area 3 (cadastral trail: 51801:002:0140). It excludes a slice of 0.11 ha in the western part of the service area of the mountain allocation, for which an application is made for the mountain allocation of the peat production area in Riisipere and its catchment area. Mineral extraction is subject to a maximum annual mining rate of 13 ash/t.

The mountain boundary of the requested Riisipere III peat production area is determined in accordance with the limits of blocks 17 and 18 of the active consumption stock. Some narrow strips of blocks extending to adjacent properties due to inaccuracies are excluded. The mountain allocation therefore includes a block 17 at for 63,31 ha and a block 18 at for 61,83 ha.

The request for amendment of the environmental permit and other relevant documents can be consulted at the nearest office of the Environment Agency.

The application shall be digitally accessible from the Register of documents of the Environment Agency at <https://dhs-ADR-kea.envir.ee>
