Notice of initiation of the environmental permit procedure

Start of publication: 17.12.2019

End of publication: 18.12.2119

The Environment Agency publishes a notice under [paragraph 47\(2\) of the General Law on the Environment \(KeÜS\)](#).

The Environment Agency States that THE application for modification of THE mining permit submitted by TOMORROW's OÜ (registry code: [10137964](#)) (address: Järva County, Türi Municipality, Türi City, Tallinna tn 62a, 72213) was accepted.

The request for modification of the permit to exploit the mineral resources of a band gravel quarry is made in the municipality of Yärva, Türi, in the village of Karjaküla, in the Lints gravel deposit (registry card No 0801) on a privately owned land cadastral estate (cadastral mark 83604:001:0063).

The mountain allocation of the existing Lints gravel quarry (permit No L.MK.JÄ-150378) has an area of 3,87 ha and the service area of the mountain allocation is 6,39 ha. The average annual extraction rate is, according to the licence, 25 thousand m³. The mining permit is valid until 28.06.2022. Extraction takes place above average surface water levels.

The area of the mountain deposit of the Lints gravel quarry applied for is 3.83 ha and that of the service area of the mountain deposit is 6.40 ha. The minerals extracted are, according to the application, the building gravel (193,4 thousand m³) and the filling sand (16,68 thousand m³) and the planned use of the minerals is the construction of roads and general roads. The average annual extraction rate is, according to the application, 15 thousand m³. It is proposed to extend the authorisation for the extraction of mineral resources for a period of 15 years. According to the application, the extraction of mineral resources (block 11) is partially below the average level of surface water, i.e. a deep extension of mining reserves is desired.

The request for amendment of the environmental permit and other relevant documents can be consulted at the Office of the Environment Agency Rapla (Tallinna mnt 14, PK 5, 79513, Rapla; info@keskkonnaamet.ee; 56885603).

The application shall be digitally accessible in the public document Register of the Environment Agency <https://dhs-ADR-kea.envir.ee/>

until a decision to modify or refuse to modify the mining permit is taken, everyone shall have the right to submit reasoned proposals and objections to the application to the Environment Agency. Proposals and objections may be submitted orally or in writing to the info@keskkonnaamet.ee e-mail address or to the postal address Tallinna mnt 14, PK 5, 79513, Rapla.

The draft decision amending the mining permit will be further notified by the Environment Agency in the Official Gazette Ametlikud Teadaanded.
