Notice of public display of and public consultation of an environmental impact assessment programme

Public from: 07.06.2021

Public until: for an indefinite period

Keskkonnaamet publishes this announcement under [Section 16\(2\)\(1\) of the environmental impact assessment and Management system Act \(KeHJS\)](#).

Environmental Agency announces the publication of the environmental impact assessment (EIA) programme of the Enefit power AS Estonia II application for a mining permit for oil shale.

The Environment Agency initiated an environmental impact assessment of the planned activities by letter No 12-2/19/456-11 of 17.12.2019.

The proposed activity aims at the extraction of oil shale. The planned production volume of the new mine is up to 10 million t of oil shale per year. On the requested mountain allocation, the stock is estimated to continue for about 30 years (expected end 2064). The total size of the stock to be extracted is 277.535 million t. the area applied for is 9 107.63 ha. Estonia II Mountain reserve is located in the municipality of Alutagus in Ida-Viru County.

EIA parties:

The developer(s) is (are) Enefit Power AS (registry code: [10579981](#)) (address Keskterritooriumi/1, Auvere küla, Narva-Jõesuu linn, 40107, Ida-Viru maakond, contact person Edith naarits, e-mail edith.naarits@energia.ee, phone 5450 1174)
