The list of machines and equipment, according to the accounting

information, includes a sale price. The sale price of the complete assets, of EUR 178 200, excluding VAT. The sale price of movable property within the sale price of the full asset is EUR 45 000, plus VAT. If the best offer exceeds the sale price of the full asset, the sale price of the property is calculated as EUR 178 200 (excluding VAT) and the remainder is calculated as the sale price of the movable property plus VAT. The trustee is not liable for the state of the property. The assets are sold in the state in which they are sold (as is) and the liquidator does not give any assurances or guarantees in respect of the assets and is not liable for any defects in the assets regardless of whether the defects have been disclosed to the participants in the auction. The assets are transferred to the auction winner in Ida-Viru County, in the place where the bankrupt is established in Lake Kohtla and the auction winner organises the reception and disposal of the assets at his own expense. The auction winner cannot set off the purchase price against his claims against as Jumax (in bankruptcy) and the possession (other than the property) of the. The land is transferred to the auction winner after full payment of the purchase price. Ownership of the land is transferred when the land register is entered. When the computers are handed over to the purchaser, the particulars relating to the insolvent debtor shall be removed from them before they are handed over. (that is to say, either the relevant storage medium is removed or the data are deleted from it). The auctioneer must take account of the fact that direct possession of the land and its assets is transferred after removal of the documentation of the insolvency debtor in the building on the land, that the date on which the direct possession is transferred is not the date on which the purchase price is paid in full or the transfer of ownership of the land is entered in the land register, that the person taking part in the. The auctioneer confirms that he has carried out a detailed examination of the total assets to be auctioned at the time of the auction and that, if necessary, he has instructed the specialist in order to confirm the transfer of the assets to be able to participate in the auction and has received a complete overview of the auctionability of the assets to participate in the auctionability, that he is aware of the auction and that he will be aware of the auction and that he will be able to. The total assets at the auction, and that he will be able to take part of the auction, and that he will be able to take part of the auction, and that he will be able to take part of the full satisfaction of the auction. The insolvency administrator shall submit to the Land Registry an application for registration of the purchaser as owner and for deletion of the expired rights after payment of the full purchase price. The costs of transferring ownership and extinguishing the extinction of the right and the court fees must be paid by the auction winner before the application is filed with the land registry office. Under paragraph 155 of the TMS, the risk of the destruction of the immovable property and of the items sold with it is transferred to the purchaser by auction with a declaration that the offer is the best. From the time the bid is deemed to be the best, the buyer bears all costs and encumbrances and receives all benefits.

Opening price: 223 200 EUR(s). All assets shall be sold, which shall consist of immovable property and movable property. No VAT is added to the sale price of the property of EUR 178 200. VAT is added to the sale price of movable property of EUR 45 000.
